Lt. Governor

Dear Reader,

I take this opportunity to present the Resources 2014 directory, the fourteenth annual edition published by the New Jersey Department of Human Services' Division of Disability Services (DDS). This publication continues to be one of our department's most sought after resources for people with disabilities, their family members and advocates because of its comprehensive, statewide directory of programs and services.

DDS has successfully provided this consumer friendly, useful tool, which identifies all levels of government, community organizations and professionals working to assist people with disabilities. The publication provides access to up-to-date information that individuals with disabilities, along with their families, may need to flourish in their physical, professional and recreational lives.

As in previous years, this publication also is made available online so that individuals and agencies can access just the services they need and can make copies only as necessary. The website is www.state.nj.us/humanservices/dds.

A certified Information and Referral Specialist also can be reached to discuss any individual concerns, problems or issues, and can provide direct assistance by phone at 1-888-285-3036 (toll free).

As always, your comments and suggestions are welcome.

Regards,

Jennifer Velez
Commissioner

USING RESOURCES 2014

Resources 2014 provides easy access to information about programs and services available for residents living and working with disabilities, and for families, advocates and professional communities working to assist people with disabilities. The New Jersey Department of Human Services' (DHS) Division of Disability Services developed this directory and encourages you to contact the Division if you have any questions or difficulty using it.

REPORTING CORRECTIONS AND UPDATES

The programs and agencies listed in this directory are asked to report any information changes as quickly as possible.

EDITOR'S NOTE

Under New Jersey's recently approved Comprehensive Medicaid Waiver, all long-term care (LTC) services for seniors and individuals with physical disabilities, including Home and Community Based and Nursing Facility Services, will be administered by contracted managed care organizations (MCOs) in 2014. This move to managed care, known as Managed Long Term Services and Supports (MLTSS), is motivated by a desire to reduce inefficiencies and provide coordinated care in the LTC system. Programs and services to be transitioned to managed care with the implementation of MLTSS have been identified with an asterisk (*) in this guide. See page 8 for more information.

DIVISION OF DISABILITY SERVICES (DDS)

MISSION STATEMENT

The New Jersey Department of Human Services' Division of Disability Services promotes and facilitates the maximum independence and participation of people with disabilities in all aspects of community life through active information exchange and the provision of community services. DDS supports and fosters coordination and cooperation among all government agencies.

OFFICE OF INFORMATION AND ASSISTANCE SERVICES

"The first place to call for disability-related information."

INFORMATION AND REFERRAL SERVICES

The Division of Disability Services is the single point of entry for all people seeking disability related information in New Jersey. Certified Information and Referral Specialists are available to confidentially discuss issues, provide information, assist with problem solving, and to refer individuals to appropriate agencies or services. Use of a customized database allows for calls to be tracked and information to be stored for quality customer service.

DDD/DDS CASE MANAGEMENT COLLABORATION

Continuing the collaborative effort which began in 2009, DDS' office of Information and Referral Services remains the primary contact for approximately 3500 adults registered with the Division of Developmental Disabilities (DDD) at this time.

TRAUMATIC BRAIN INJURY FUND

The Traumatic Brain Injury (TBI) Fund provides New Jersey residents who have survived a traumatic brain injury the opportunity to access the brain injury related services and supports they need to live in the community. The Fund purchases supports and services to foster independence and maximize quality of life. This Fund is used where insurance, personal resources, and/or public programs are unavailable to meet the needs of the applicant. A portion of the Fund also is used to support public education, outreach, and prevention activities related to TBI.

OFFICE OF HOME AND COMMUNITY SERVICES

The Office of Home and Community Services is responsible for the administration of three Medicaid Waiver Programs* serving people with disabilities and is assisting with the transition of Medicaid Personal Care Assistant (PCA) Services to the managed health care model.

TRAUMATIC BRAIN INJURY (TBI) WAIVER*

The TBI Waiver serves people between the ages of 21 and 64 who have acquired a brain injury. People in the program receive full Medicaid benefits plus additional services including: case management, structured day program, neuropsychology, community residential services, night supervision, respite care and cognitive therapy.

AIDS COMMUNITY CARE ALTERNATIVES PROGRAM (ACCAP) WAIVER*

The ACCAP Waiver serves people with AIDS of any age and children up to age 13 who are HIV positive. It provides full Medicaid benefits plus case management, private-duty nursing, medical day care, expanded personal care assistant services, certain narcotic and drug abuse treatments and hospice care.

COMMUNITY RESOURCES FOR PEOPLE WITH DISABILITIES (CRPD) WAIVER*

All individuals served under this waiver must meet, at a minimum, the "nursing facility level of care", be financially eligible for Medicaid waiver coverage, and require the services offered under the waiver. The waiver is open to individuals with disabilities of all ages. Individuals in the CRPD Waiver Program receive case management for all Medicaid State Plan services. Individuals meeting specific clinical criteria can receive private duty nursing services up to 16 hours per day.

MEDICAID PERSONAL CARE ASSISTANT (PCA) SERVICES

The Personal Care Assistant (PCA) Program is an optional statewide service available to New Jersey Medicaid recipients who require assistance in completing routine activities of daily living, such as dressing, bathing, feeding, etc. PCA services are non-emergent, health related tasks done by qualified staff in a medically eligible beneficiary's home. Services cannot exceed 40 hours per week. The purpose of the program is to accommodate long-term, chronic, or maintenance health care, as opposed to short-term skilled care as is provided under Medicaid's home health program. DDS no longer administers this program directly, but is providing

technical assistance and assisting with the transition to managed care.

COMMUNITY DISCHARGE INITIATIVE

DDS has expanded the mission of the Office of Home and Community Services to include community discharge. Staff will assist individuals who have expressed a desire to return to the community to make attainable discharge plans and identify supports and resources.

SPECIAL PROJECTS AND INITIATIVES

SANDY RELIEF MODULAR RAMP PROGRAM

Through a Social Services Block Grant, DDS is administering a program to replace, repair, or build modular ramps for individuals whose primary residence was impacted by Superstorm Sandy. Eligibility includes three categories: a ramp was damaged during the storm and needs to be repaired or replaced, a ramp is needed in a home or apartment to which a person with a disability has relocated as a result of the storm, or an existing ramp can no longer be used because a home has been elevated to comply with new building codes.

NJ WORKABILITY

The WorkAbility program offers people with disabilities who are working, and whose income would otherwise make them ineligible for Medicaid, the opportunity to pay a small premium and receive full NJ Medicaid coverage. People with disabilities who are employed and are between the ages of 16 to 64 can qualify for the program with an annual gross earned income of up to approximately \$59,148. (See Page 48)

SENIOR COMMUNITY INDEPENDENT LIVING SERVICES PROGRAM (SCILS)

In collaboration with the Commission for the Blind and Visually Impaired (CBVI), DDS administers the SCILS program. SCILS is a companion program for New Jersey residents, 55 years or older, who have a significant visual impairment and live independently in the community. Companion services include: providing transportation to medical appointments and grocery shopping; light housekeeping; meal preparation; and assistance with mail and correspondence. Participants are responsible for identifying their own companions and must be capable of the scheduling and timekeeping requirements for those companions. SCILS awards participants up to 208 companion hours per year, which averages to 4 hours a week, enabling them to maintain their independence in the community. (See Page 50)

PERSONAL ASSISTANCE SERVICES PROGRAM (PASP)

The Personal Assistance Services Program (PASP) is a supplemental, personal care program, designed for New Jersey residents, ages 18 to 70, who have a permanent physical disability, are capable of directing their own

services, and are either employed, preparing for employment, involved in community volunteer work, or attending school. PASP allows consumers to receive up to 40 hours of service per week, therefore enabling them to maintain their independence in the community. Personal assistants help with such tasks as light housekeeping, bathing, dressing, meal preparation, shopping, driving or using public transportation. (See Page 50)

PERSONAL PREFERENCE PROGRAM (PPP):

NEW JERSEY CASH AND COUNSELING PROGRAM

This service allows Medicaid recipients who are eligible for Medicaid PCA services to direct their own care. Through use of a monthly cash allowance, participants work with a consultant to develop a cash management plan by which they decide the services needed and the individuals and/or agencies to provide the identified services. The program requires greater consumer responsibility but offers participants greater control, flexibility and choice. (See Page 50)

DISABILITY HEALTH AND WELLNESS INITIATIVES

This project involves health promotion and prevention of secondary conditions for people with disabilities. In addition, it works to improve state surveillance activities, conduct health promotion interventions and facilitate partnerships between state and research or service-based agencies.

I CHOOSE HOME NEW JERSEY (ALSO KNOWN AS MONEY FOLLOWS THE PERSON)

In collaboration with other State agencies, DDS is working to promote I Choose Home – NJ, an initiative focused on providing opportunities for individuals who are eligible for Medicaid and have been living in an institutional setting for more than 90 days, to return to an independent community setting with necessary supports and services. STATUTORY ADVISORY BOARDS AND COUNCILS

DDS serves as staff to the mandated advisory councils listed below.

NJ ADVISORY COUNCIL ON TRAUMATIC BRAIN INJURY

Composed of 26 members, the TBI Council holds quarterly public meetings to advise the Department of Human Services of issues relevant to brain injury services.

PERSONAL ASSISTANCE SERVICES ADVISORY COUNCIL

Composed of 19 members, the PASP advisory Council meets quarterly to serve as a means for consumers to offer feedback that is used to review and evaluate the effectiveness of the PASP program, and to recommend changes on a statewide level.

DISABILITY RIGHTS NEW JERSEY

Disability Rights New Jersey (DRNJ) is a non-profit consumer-directed organization that serves as New Jersey's federally funded agency for people with disabilities.

The program was established to advocate the rights of citizens with disabilities in the areas of guardianship, habilitation, medical treatment, education, employment, protection from harm, transportation, and other civil rights. It provides legal services and responds to complaints from individuals and their

families, as well as from community groups. It also provides training for people with disabilities and their families to assist them to advocate for themselves.

In 1997, DRNJ assumed administration of the federally funded New Jersey Technology Assistive Resource Program (TARP), now known as the Assistive Technology Advocacy Center (ATAC), which works to make assistive devices and services more accessible to consumers.

KEYS TO SUCCESSFUL SELF-ADVOCACY

- ✍ **Make sure you have an accurate understanding of what is needed** - When advocating for equipment or services, make sure you have all the details and product information. If insurance is being used, ask if there are preset guidelines or requisite information. This will save time during the application process.
- ✍ **Be prepared to assist professionals who may have limited experience** - Your family doctor may be great, but he or she may have little or no experience in writing prescriptions for wheelchairs. Add your productive two-cents by discussing your needs, and giving as much detail as possible about what you are looking for. Some consumers prefer to use agencies for equipment and service evaluations before approaching a doctor for authorization.
- ✍ **Understand your insurance benefits** - Review the terms of each program and policy. Pay careful attention to co-pays, service limits, replacement, and equipment ownership. These issues become especially important for parents with children, who will outgrow equipment, or whose functional abilities may change with time. Remember, you may always appeal an insurance company's decision in the event of a denial, even an HMO.
- ✍ **Seek help from others who have succeeded** - Peer support is the greatest tool to an advocate. The information that you get from peers can be priceless. Learn from those who have done it before.
- ✍ **Keep accurate notes** - Include dates, all contact names, and phone numbers.
- ✍ **Find the line between advocacy and aggression** - Successful advocates let the system work for them. Allow professionals to do their jobs. Stay vigilant, but don't be a pest.
- ✍ **Be prepared to wait** - Most agencies have waiting lists, processing periods, and lots of paperwork to be done. This takes time, so be prepared for some delays.

DEPARTMENT OF HUMAN SERVICES

DHS provides support services for people with disabilities, seniors, individuals and families with low incomes; people with mental illnesses, people with addictions, people who are blind, visually impaired, deaf, hard of hearing, or deaf-blind; parents needing child care services, child support and/or healthcare for their children; and families facing catastrophic medical expenses for their children.

COMMISSION FOR THE BLIND AND VISUALLY IMPAIRED (CBVI)

The Commission for the Blind and Visually Impaired (CBVI), established in 1910 is one of the oldest, continually operating agencies in New Jersey state government. It provides a wide range of educational services for children, vocational rehabilitation services for older teens and adults, and independent living services for people of all ages in New Jersey who are blind or visually impaired. CBVI also offers a number of special programs and services that address specific needs of individuals who are blind or visually impaired. CBVI programs and services are available to any New Jersey resident who meets the vision criteria. Depending on family income, some people who apply are required to pay a share of the cost of programs or services.

DIVISION OF DEVELOPMENTAL DISABILITIES (DDD)

The Division of Developmental Disabilities (DDD) provides funding for services and supports that assist individuals, age 21 and older, with developmental disabilities. Most services are offered in the community by more than 300 community provider agencies. To receive DDD services, an individual must meet functional criteria eligibility and Medicaid eligibility. Functional criteria consist of a severe, chronic physical and/or intellectual disability that manifests in the developmental years (before age 22), is life-long, and substantially limits at least three of these life activities: self-care, learning, mobility, communication, self-direction, economic self-sufficiency and the ability to live independently. All individuals must maintain Medicaid eligibility in order to receive services through the Division.

Qualifying conditions may include cerebral palsy, epilepsy, spina bifida, autism or a neurological impairment.

DDD funds three types of services:

- Day services, including supports for people who are employed
- Residential services that support an individual in the community
- Services that support a family caring for a loved one at home

DIVISION OF MENTAL HEALTH AND ADDICTION SERVICES

The Division of Mental Health and Addiction Services (DMHAS) serves adults with serious and persistent mental illnesses. Central to the mission is the fact that everyone is entitled to a dignified and meaningful life. DMHAS operates psychiatric hospitals, monitors and helps fund psychiatric services provided by a number of county hospitals, and contracts with more than 120 agencies for a wide range of community mental health services. Services may be accessed by contacting a County Mental Health Administrator or a county screening center.

MANAGED LONG TERM SERVICES AND SUPPORTS (MLTSS)

The Managed Long Term Services and Supports program or MLTSS is a New Jersey initiative intended to provide a new and better way to help seniors and individuals with disabilities live at home for as long as possible. The initiative uses managed care organizations to coordinate support services according to a participant's needs. Through MLTSS, participants will receive their primary, acute, behavioral and long term care needs through a

managed care organization (MCO) contracted with New Jersey's Medicaid program, NJ FamilyCare. Previously, these services were coordinated by various State and County offices. MLTSS is projected to begin in July 2014. Current Medicaid beneficiaries enrolled in Home and Community Based Services programs such as the AIDS Community Care Alternatives Program (ACCAP); Community Resources for People with Disabilities (CRPD); Global Options for Long-Term Care (GO); or the Traumatic Brain Injury (TBI) programs will automatically transition into MLTSS. Medicaid beneficiaries living in nursing homes will also transition into MLTSS. New Jersey will ensure that individuals who live in Medicaid participating nursing homes can remain. DEPARTMENT OF CHILDREN & FAMILIES

The New Jersey Department of Children and Families (DCF) is the state's first comprehensive agency dedicated to ensuring the safety, well-being and success of children, youth, families and communities. Some of the divisions/offices DCF encompasses includes the following: Adolescent Services; Advocacy; Centralized Child Abuse/Neglect Hotline; Child Protection and Permanency (formerly Youth and Family Services); Children's System of Care (formerly Child Behavioral Health Services); Family and Community Partnerships (formerly Prevention and Community Partnerships); Specialized Education Services; and Women (transferred from DCA).

CHILDREN'S SYSTEM OF CARE (FORMERLY CHILD BEHAVIORAL HEALTH SERVICES)

DCF's Division of Children's System of Care, CSOC, (formerly the Division of Child Behavioral Health Services) serves children and adolescents with emotional and behavioral health care challenges and their families; and children with intellectual/developmental disability.

As of January 2013, the New Jersey Department of Children and Families - Division of Children's System of Care (CSOC) assumed responsibility for providing the supports and services for children under the age of 21 with developmental/intellectual disabilities, formerly provided by the Department of Human Services -

Division of Developmental Disabilities (DDD). For information on the transition and the application process, please call **PerformCare** at:

www.performcarenj.org/

What is PerformCare?

The State of New Jersey has contracted with PerformCare to administer the publicly-funded developmental disability service delivery system for children up to age 21. This transition is a result of the state government restructuring initiated by Governor Christie, which moved the responsibility for providing services to children with developmental disabilities from the Department of Human Services' Division of Developmental Disabilities (DDD) to the Department of Children and Families' Children's System of Care (CSOC). PerformCare has been administering the State's Child Behavioral Health System of Care for many years. The expansion of this System of Care model to also serve children with intellectual and developmental disabilities is a significant step forward. This integrated approach will allow for better coordinated care. As of January 2013, PerformCare has become your point of contact to assist in coordinating the care for your child that had previously been managed by DDD.

PROGRAM OF ALL INCLUSIVE CARE FOR THE ELDERLY (PACE)

PACE is an innovative program, funded by Medicare and Medicaid, that provides frail individuals, age 55 and older, comprehensive medical and social services coordinated and provided by a team of professionals in a community-based center and in their homes, helping program participants delay or avoid long-term nursing home care. To participate in PACE, an individual must be 55 years of age or older, require nursing home level of care but be able to live safely in the community at time of enrollment with the services of PACE, and reside in the service area of a PACE organization. You can leave a PACE program at any time. Four PACE agencies are currently operating in New Jersey and you must live in their coverage area (see zip codes) to participate.

PACE Centers:

- LIFE St. Francis: 609-599-5433 (serving Mercer County, Bordentown, Florence, and Roebling)
- LIFE at Lourdes: 856-675-3675 (serving most Camden County communities)
- Lutheran Senior LIFE: 877-543-3188 (serving most of Hudson County)
- Inspira LIFE: 855-295-5433 (serving portions of Cumberland, Gloucester, and Salem Counties)

For more information, contact the PACE agency above serving your area.

Aging and Disability Resource Connection (ADRC) (877) 222-3737

ADRC is a Division of Aging Services program, in partnership with county governments, that provides a convenient way for senior citizens and their families to learn about and obtain needed services. ADRC provides information and access to services that address the financial, medical, and social needs of seniors.

Through ADRC, each county in New Jersey provides outreach, case management, transportation, senior centers, volunteer opportunities, health promotion, nutrition programs, education, health insurance counseling, adult protective services, senior employment, respite care options, and information on housing and long-term care options. For more information, visit: www.adrcnj.org.

ADULT PROTECTIVE SERVICES (800) 792-8820

The role of Adult Protective Services (APS) is to investigate complaints of suspected abuse, neglect, and/or exploitation of vulnerable adults aged 18 or older. A complaint to APS will generate a thorough assessment, which will include a private face-to-face interview with the potentially at-risk adult, to determine if intervention is warranted. All information generated by the investigation is confidential. A report of suspected abuse may be made to the Aging and Community Services Information and Referral toll-free number or to the APS office in the county in which the individual lives.

Federal law mandating that all children, regardless of disability, are entitled to a free, appropriate education, without extra cost and in the least restrictive and segregated environment possible.

The Rehabilitation Act of 1973

www.www2.ed.gov/policy/speced/reg/narrative.html

Federal law which mandates all federal government agencies, and agencies with federal government contracts, to take affirmative action to employ people with disabilities. It also protects otherwise qualified people with disabilities from being denied services or benefits from a program receiving federal money.

The Americans with Disabilities Act (ADA)

www.ADA.gov

Federal civil rights law which guarantees individuals with disabilities equal opportunity in employment, public accommodations, state and local government services, transportation, and telecommunications.

The Developmental Disabilities Assistance and Bill of Rights Act of 2000

www.acl.gov/Programs/AIDD/DDA_BOR_ACT_2000/index.aspx

Federal law mandating that an individual with a developmental disability has a right to appropriate treatment for his or her disability, and that treatment should be designed to maximize the individual's potential.

The Fair Housing Act

www.justice.gov/crt/about/hce/title8.php

Federal law which prohibits discrimination in the sale or rental of houses and apartments. It is also discriminatory to refuse to allow the modification of a home to provide physical access.

The Motorized Wheelchair Lemon Law

www.nj.gov/lps/ca/brief/wheel.pdf

The Wheelchair Lemon Law requires manufacturers to give customers warranties of at least one year that cover defects which impair the use, value or safety of the chair or scooter. After three unsuccessful attempts at repairing the same problem with the wheelchair or motorized scooter or if the wheelchair or motorized scooter is out of service for a total of twenty days, the customer may be entitled to a replacement, refund, or early lease termination, minus a reasonable allowance for use.

The Snow Removal Act

www.njleg.state.nj.us/2006/Bills/PL07/287_.PDF

In a public parking area, the person who owns or controls the area shall be responsible for assuring that the restricted spaces remain free from obstruction. This includes shopping carts and other debris. Ice and snow must be removed within 24 hours after the weather condition has ceased.

Open Public Records Act (OPRA)

www.nj.gov/opra/

2001 state law which requires most branches of state, county, and municipal government to provide citizens with the opportunity to inspect, copy, or examine government records. It does allow public agencies to protect citizens' personal information.

Older Americans Act

www.aoa.gov

Federal civil rights law passed in 1965, which has since been amended. It created the Administration on Aging and provides funding for research and training projects. It also provides nutrition programs, health promotion and disease prevention, in-home services, and protection of the rights of older persons. The amended Act created the National Family Caregiver Support Program, which helps families care for elders who have illnesses or disabilities.

Mental Health Parity Act

www.nj.gov/mhstigmacouncil/community/legislation/

Federal law which prevents group health plans of employers with more than 50 workers from placing dollar limits on mental health benefits that are lower than annual or lifetime dollar limits for medical and surgical benefits offered under the plan. This law does not, however, require group health plans to include mental health coverage.

Health Insurance Portability and Accountability Act (HIPAA)

www.hhs.gov/ocr/privacy/index.htmlwww

Federal law which establishes national standards to protect individuals' medical records and other health information. Insurance carriers, healthcare clearinghouses, and healthcare providers are required to comply with its privacy standards. It gives consumers the right to request to inspect, copy, or amend their medical records, and to limit disclosure of information.

Danielle's Law

www.njleg.state.nj.us/2002/Bills/S3000/2572_I1.PDF

New Jersey state law which requires staff working at public or private facilities for persons with developmental disabilities or brain injuries to call 911 in cases of medical emergency.

Air Carriers Access Act

www.airconsumer.ost.dot.gov/publications/horizons.htm

Federal law which requires airlines to accommodate the needs of passengers with disabilities. It prevents airlines from refusing to transport a passenger solely because of

a disability; limits the circumstances under which passengers with disabilities must provide advance information about their disabilities to air carriers; states that assistive devices do not count against passenger baggage limits; and sets accessibility guidelines for airplane facilities. Airline personnel must provide routine physical assistance but are not required to provide what would customarily be regarded as personal care assistance. However, if a passenger requires an attendant, the airline must transport the attendant free of charge. The law does not require an airline to transport an individual who may endanger the health or safety of others. The Act mandates that a Complaints Resolution Officer (CRO) be immediately available to resolve disputes between airlines and passengers with disabilities.

The Work Incentives Improvement Act

www.ssa.gov/work/overview.html

Former U.S. President Clinton signed the Ticket to Work and Work Incentives Improvement Act of 1999 on December 17. This law increases beneficiary choice in obtaining rehabilitation and vocational services; removes barriers that require people with disabilities to choose between health care coverage and work; and insures that more Americans with disabilities have the opportunity to participate in the workforce and lessen their dependence on public benefits.

New Jersey Law Against Discrimination (NJLAD)

www.state.nj.us/lps/dcr/law.html

New Jersey state law which prohibits discrimination in employment, housing, places of public accommodation, and credit and business contracts on the basis of race, creed, color, national origin, nationality, ancestry, age, sex, familial status, marital status, domestic partnership status, affectional or sexual orientation, atypical cellular or blood trait, genetic information, liability for military service, mental or physical disability, perceived disability, or AIDS and HIV status. There are exceptions to these prohibitions.

Family Support Act

The Family Support Act is a 1993 state law which created family-driven Regional Family Support Planning Councils to assist families in making service decisions that best meet the needs of their members with disabilities. It establishes within the Division of Developmental Disabilities (DDD) a system of family support which includes financial assistance, service coordination, and a variety of services and trainings.

LEGAL ASSISTANCE

Civil Rights

The Division on Civil Rights, within the New Jersey Department of Law and Public Safety, is responsible for investigating allegations of discrimination and for seeking resolution through conciliation, hearings, or court orders. People with disabilities can file a complaint by calling the division or any of its enforcement branches. Complaints must be filed with the Division on Civil Rights within 180 days after the alleged act of discrimination.

MEDICARE

Medicare is a health insurance program, administered by the Centers for Medicare and Medicaid Services (CMS), for people 65 years of age or older, certain younger peo-

ple with disabilities, and people with End-Stage Renal Disease.

Medicare coverage is divided into three parts: Part A, Part B, and Part D. Part A helps to pay for care in hospitals, skilled nursing facilities, and hospice care. Part B helps pay for doctors, outpatient hospital care, and some other services not covered under Part A. Part D, administered by private insurance companies approved by Medicare, provides prescriptions coverage.

MEDICAID HOME AND COMMUNITY-BASED WAIVERS*

Medicaid waivers include expanded Medicaid services to allow individuals who require facility-level of care to remain in the community. Individual waivers have disability-specific services included in their service packages. Please note that waivers have clinical and financial eligibility criteria, which must be met prior to enrollment.

Waivers are for individuals who already qualify for Medicaid but require supports and services beyond what standard Medicaid health insurance covers, OR for those who do not qualify for Medicaid under standard income guidelines, but who will not be able to remain in their homes without the supports and services that the waiver can provide, and who require a level of care provided by a hospital, a nursing facility, or an intermediate care facility.

HEALTH AND WELLNESS FOR PEOPLE WITH DISABILITIES

WELLNESS BASICS

- Include physical activity in your daily routine.
- Eat according to the FDA Food Pyramid at www.mypyramid.gov/
- Rest when needed and maintain a sleep schedule and maintain good personal hygiene.
- Make medical appointments as needed and keep accurate records for follow-up.
- Take medication as directed. Don't deviate from regime without medical clearance.
- Do a daily "wellness check". Look out for skin breakdown, sores and irritation.
- Make sure medical equipment such as wheelchairs and prosthetic devices "fit" properly.
- Avoid drug usage and limit alcohol and tobacco consumption.
- Maintain social interaction. Be part of the community.
- Keep up with "preventive" care. (Examples: Mammogram and pelvic exams for females and DRE and testicular exam for males.)

HEALTH CARE SELF-ADVOCACY

- Keep an accurate updated list of your medications, providers, and insurance information.
- Make sure providers' offices are accessible. When in doubt, ask!!
- Discuss your disability as well as your health needs with practitioners.
- Never be afraid to ask questions or get clarity as needed.
- Ask someone to accompany you to appointments as needed.
- Keep a list of concerns or questions in between appointments and bring it with you to your appointments.

FINANCIAL ASSISTANCE

SUPPLEMENTAL SECURITY INCOME

Supplemental Security Income (SSI) is a Federal program established for the aged and people with disabilities. The program provides a monthly stipend. The federal government administers SSI through the Social Security Administration. People over 65 and people with disabilities, including children, may be eligible for SSI payments, and will receive NJ Medicaid automatically. Application is made through any Social Security office. Parents or guardians may apply on behalf of children under 18.

SOCIAL SECURITY DISABILITY INSURANCE

The Social Security Disability Insurance (SSDI) program pays benefits to disabled workers and their families. To be eligible for SSDI, you must be disabled and must have earned a minimum number of credits from work covered under Social Security. The required number of credits varies depending on your age at the time you became disabled.

The Temporary Relief for Utility Expenses (TRUE) Program and the Payment Assistance for Gas and Electric (PAGE) Program were established by the Board to provide relief on natural gas and electric bills for low to moderate income New Jersey households who are experiencing a temporary financial crisis. Eligible applicants cannot be receiving or be eligible for a Universal Service Fund (USF) benefit or a Low Income Home Energy Assistance Program (LIHEAP) benefit. TRUE and PAGE are administered by the Affordable Housing Alliance.

COMFORT PARTNERS (888) 773-8326

This Program is designed to improve energy affordability for income eligible households through direct installation of free energy efficiency measures and education about steps everyone can take to save energy. Participants are asked to partner with the program to develop and carry out a household energy savings Action Plan.

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM (LIHEAP) (800) 510-3102

Low Income Home Energy Assistance Program (LIHEAP) (800) 510-3102 LIHEAP is administered by the NJ Dept. of Community Affairs and helps NJ households pay for heating costs and certain medically-necessary cooling expenses. Renters who have their heating costs included in their rent may also qualify. Applications are accepted from October 1st through April 30th of each year. www.energyassistance.nj.gov

NJ LIFELINE CREDIT PROGRAM (800) 792-9745

Lifeline is administered by the NJ Dept. of Human Services and provides a \$225 annual energy benefit to seniors and people with disabilities who meet the PAAD eligibility requirements or who receive SSI. The benefit is also available to customers who have electric and gas costs included in their rent.

NJ SHARES (866) NJSHARES (657-4273)

www.njshares.org

NJ SHARES is a non-profit corporation that provides assistance to income eligible NJ households in paying their energy, telephone and water bills. Applications for NJ SHARES grants can be made at any of the more than 270 participating social service agencies throughout the state.

UNIVERSAL SERVICE FUND (USF)

(866) 240-1347 or www.energyassistance.nj.gov

The USF, administered by the NJ Dept. of Community Affairs, was designed so that households most in need receive the highest benefit by using a percentage of income formula. Benefits appear as a credit on the household electric and/or gas bill (capped at \$1,800 per year).

Fresh Start: Fresh Start, a special program under USF, allows eligible New Jersey households participating in USF for the first time to earn forgiveness for pre-existing arrearages by making full, on-time payments for 12 months. You cannot apply for Fresh Start, but if you are eligible you will be enrolled by your utility company and receive information about the program in the mail.

WINTER TERMINATION PROGRAM (800) 624-0241

Administered by the BPU, the Winter Termination Program (WTP) protects specific categories of customers from having their gas or electric shut off between November 15th and March 15th. Those enrolled in specific programs (such as SSI, Temporary Assistance to Needy Families, USF and Lifeline) are protected by WTP, and an additional “catch-all” category is included for people unable to pay their utility bills because of circumstances beyond their control such as unemployment or illness.

TELEPHONE ASSISTANCE (800) 624-0241

The telephone assistance program provides a discount on your monthly bill, to qualified residential telephone customers. Eligibility is determined based on your income or participation in other assistance programs. In general, if you participate in any of the following programs you also may qualify for telephone assistance: SSI, TANF, General Assistance, Lifeline Utility Credit/Tenants Lifeline Assistance, PAAD, Supplemental Nutrition Assistance Program, LIHEAP/HEAP, Medicaid, Federal Public Housing Assistance, National School Lunch Program. The following providers participate in Lifeline Assistance and Link Up programs in New Jersey:

The Senior Freeze Program reimburses senior citizens and disabled persons for property tax increases.

AUTO INSURANCE ASSISTANCE

DOLLAR-A-DAY AUTO INSURANCE (800) 652-2471

The Dollar-A-Day policy is available to New Jersey drivers who are currently enrolled in Medicaid with hospitalization. It covers emergency treatment immediately following an accident, and treatment of serious brain and spinal cord injuries up to \$250,000. It also provides a death benefit of \$10,000. The cost is \$365 per year.

The New Jersey Early Intervention System receives state and federal funds through Part C of the Individuals with Disabilities Education Act. The ultimate goal is for children to maximize their potential to lead full, productive lives with their families and within their own communities.

New Jersey's Early Intervention System is a coordinated effort among the New Jersey Department of Health, the New Jersey Department of Human Services, the New Jersey Department of Education and the New Jersey Department of Children and Families. A State Interagency Coordinating Council, appointed by the governor, advises and assists the Department of Health as the lead agency in the development and implementation of early intervention for infants and toddlers with developmental delays or disabilities, and their families. Services are available to children, birth to three, in every county.

ELIGIBILITY

Each child's eligibility is determined by a multidisciplinary team, which includes the child's parents. If the child is not eligible for early intervention, recommendations may be made for referral to other appropriate resources. If the child is eligible, as determined by a medical diagnosis or developmental evaluation, an Individualized Family Service Plan (IFSP) to meet the needs of the child and the family will be developed by the team.

CRITERIA

- developmental delay of at least 1.5 standard deviations below the mean in two or more developmental areas (cognitive; physical, including gross motor, fine motor, vision and hearing; communication, social/emotional or adaptive); or
- developmental delay of at least 2.0 standard deviations below the mean in one developmental area; or
- a medically diagnosed physical or mental condition that has a high probability of resulting in developmental delay.

ACCESSING SERVICES

The county-based Regional Early Intervention Collaboratives are the system point of entry for referral to the early intervention system. With family agreement, anyone may call to make a referral. A service coordinator will be assigned to work with the family. The service coordinator will arrange evaluation for eligibility at no cost to the family.

REGIONAL COLLABORATIVES

The Regional Early Intervention Collaboratives (REICs) are independent, non-profit corporations established to provide a community-based, culturally competent and consumer-driven early intervention system. The collaboratives are responsible for child find, public awareness, initial referral, service coordination, training and technical assistance and family support.

The Individuals with Disabilities Education Act guarantees children with disabilities, ages 3 to 21, the right to a free, appropriate public education delivered in the least restrictive environment. The New Jersey Department of Education administers state and federally funded aid programs for more than 1.3 million public and private elementary and secondary school children, and is responsible for ensuring that local schools comply with state and federal laws and regulations.

SPECIAL EDUCATION PROGRAMS

The Office of Special Education Programs, under the jurisdiction of the Division of Student Services, is responsible for the provision of special education and related services.

CHILD STUDY TEAMS

A child study team consists of a school psychologist, a learning disability teacher-consultant and a school social worker. For children age three to five, the child study team includes a speech correctionist or speech-language specialist. The child study team, with consent from the child's parents, evaluates the child and determines his or her eligibility for special education services.

Upon completion of the evaluation and prior to placement in special education, an Individualized Education Program, with stated goals and objectives, is written with the participation of the parents. According to New Jersey Administrative Code, a full continuum of alternative placements shall be available to meet the needs of children with educational disabilities.

Resources for employment and training vary, depending on the individual's skill level and employability. Services for people with disabilities include vocational evaluation and assessment, training, counseling, education, job placement assistance, supported employment and support for entrepreneurs with disabilities.

VOCATIONAL REHABILITATION

The Division of Vocational Rehabilitation Services (DVRS), within the Department of Labor and Workforce Development, provides services to individuals of employable age with disabilities through 18 district offices. Eligibility generally is based on the presence of a mental or physical disability that is an obstacle to employment, and a reasonable expectation that the division's services will help the individual become employable.

Vocational rehabilitation counselors work with individuals and their families to develop and carry out a plan for training and placement. If financial need is established, the division will purchase other rehabilitative services from private providers, such as further evaluation or counseling, training at a vocational center or technical school and on-the-job training.

ONE-STOP CAREER CENTERS

The cornerstone of New Jersey's workforce investment system are the One-Stop Career Centers. One-Stop Career Centers throughout the state offer a wide range of tools to help people, including military veterans, those who are 55+, and individuals with disabilities, find a new job or career. All services are free of charge to help New Jersey's workers:

-  Find a job
-  Strengthen job-search skills
-  Get training
-  Improve reading and basic skills
-  Network the way to a job
-  Use labor market information to make career decisions
-  Start a business

TICKET TO WORK AND WORK INCENTIVES IMPROVEMENT ACT

Social Security Disability Insurance and Supplemental Security Income (SSI) disability beneficiaries will receive a "Ticket" that they may be able to obtain vocational rehabilitation (VR), employment or other support services from an approved provider of their choice. The Ticket program is voluntary. The law also includes several enhancements to Medicaid and Medicare. For information, call (866) 968-7842.

The law also created a new Medicaid buy-in project to provide medical assistance to workers with impairments who are able to work. The law also extends Medicare coverage for people with disabilities who return to work.

SELF-EMPLOYMENT

The New Jersey Division of Vocational Rehabilitation Services has developed a common policy and regulations regarding self-employment as a work option for people with disabilities. Individuals with an interest in becoming self-employed should present this option to their vocational rehabilitation counselor. If a solid business plan is put together, there may be capital investment available for a variety of start-up needs.

Eligible clients of the Commission for the Blind and Visually Impaired can obtain capital to start and manage businesses through the Commission's Business Enterprise Program. Support primarily consists of training in business management and assistance in establishing vending locations. However, assistance for other business ventures is possible. A solid business plan is required.

TICKET TO WORK

The Ticket to Work and Self-Sufficiency Program is the centerpiece of legislation signed by former U.S. President Clinton on December 17, 1999, under the Ticket to Work and Work Incentives Improvement Act of 1999. It is a nationwide initiative designed to bring major positive change to the lives of individuals with disabilities.

This comprehensive national initiative also is designed to assist people with the training and support they need to go to work by increasing their choices. SSA beneficiaries with disabilities can find employment, vocational rehabilitation (VR), and other support services from public and private providers.

HOUSING PROGRAMS

The New Jersey Department of Community Affairs administers the federal Section 8 voucher program and a variety of housing programs for low-income families, women, persons with disabilities, and seniors. Services include rental assistance, including the federal, and emergency shelter grants and homelessness prevention. The Department also administers the Community Services Block Grant and Weatherization programs, as well as Recreation Opportunities for Individuals with Disabilities Grants.

The Division of Housing contains offices that administer programs of rental assistance, housing rehabilitation, relocation assistance, family self-sufficiency, emergency shelter grants and homelessness prevention.

The Division assists local groups in sponsoring low and moderate income housing, through programs that preserve, rehabilitate and expand the housing supply for low and moderate income families.

The Division also provides administrative grants to non-profit organizations that are involved in the production of affordable housing. In addition, the Division runs a fellowship program through which graduate students in architecture and engineering work with non-profit housing agencies.

MEDICAID PERSONAL CARE ASSISTANT SERVICE (PCA)

Personal Care Assistant Service (PCA) is a statewide service provided by the New Jersey Medicaid Program to people eligible for Medicaid services in the community. The purpose of personal care is to accommodate long-term chronic or maintenance health care as opposed to short-term skilled care as is provided under Medicaid's home health program. PCA services are health-related tasks done by qualified staff in a medically-eligible beneficiary's home or workplace. It includes assistance with activities of daily living and household duties essential to the individual's health and comfort. To apply, contact your Medicaid managed care organization.

PERSONAL PREFERENCE PROGRAM (PPP)

PPP offers an alternate way for individuals to receive their Medicaid Personal Care Assistant (PCA) services. Using a self-directed model, this program enables elderly and disabled Medicaid recipients to direct and manage their Medicaid PCA services rather than receiving traditional PCA agency services. (See Page 2)

PERSONAL ASSISTANCE SERVICES PROGRAM (PASP)

PASP provides routine, non-medical assistance to adults with disabilities who are employed, preparing for employment, involved in community volunteer work, or attending school. PASP allows consumers to receive up to 40 hours of service per week, therefore enabling them to maintain their independence in the community. Personal assistants help with such tasks as light housekeeping, bathing, dressing, meal preparation, shopping, driving or using public transportation. Consumers are able to coordinate their own services by managing a budget, hiring workers and making purchases directly through their account with the assistance of a fiscal intermediary service organization (FISO) or "business agent". To apply, please contact your county PASP consultant. (See page 2)

SENIOR COMMUNITY INDEPENDENT LIVING SERVICES PROGRAM (SCILS)

SCILS matches seniors that have significant vision impairment with caring compassionate volunteers. These volunteers provide support, assistance and friendship to participants living in the community. Participants can expect their volunteer to spend one to two hours weekly assisting with various activities such as: reading the mail, running errands, driving to medical appointments, writing letters, helping with grocery shopping and companionship. (See Page 2)

AGING AND DISABILITY RESOURCE CONNECTION (ADRC)

The Aging and Disability Resource Connection serves as a visible and trusted source of information on long term services and supports for persons of all incomes. ADRC professional staff assists seniors, adults, and their caregivers in finding benefits and services they need. The ADRC's goal is to improve the experience of consumers and their families when seeking access to information, supports and services.

SIGNS OF CHILD ABUSE

Child abuse is harm to, or neglect of, a child by another person, whether adult or child. Child abuse happens in all cultural, ethnic, and income groups. Child abuse can be physical, emotional, verbal, sexual, or through neglect. Abuse may cause serious injury to the child and may even result in death.

Signs of possible abuse include:

Physical Abuse

- Unexplained or repeated injuries, such as welts, bruises, or burns
- Injuries that are in the shape of an object (belt buckle, electric cord, etc.)
- Injuries not likely to happen given the age or ability of the child. (For example, broken bones in a child too young to walk or climb.)
- Disagreement between the child's and the parent's explanation of the injury
- Unreasonable explanation of the injury
- Obvious neglect of the child (dirty, undernourished, inappropriate clothes for the weather, lack of medical or dental care)
- Fearful behavior

Emotional and Verbal Abuse

- Aggressive or withdrawn behavior
- Shying away from physical contact
- Afraid to go home with parents or adults

Sexual Abuse

- Child tells you he/she was sexually mistreated
- Child has physical signs, such as:
 - difficulty in walking or sitting
 - genital or rectal pain, itching, swelling, bruises or other injuries in the genital or rectal area, redness, or discharge
 - stained or bloody underwear
- Child has behavioral and emotional signs, such as:
 - difficulty eating or sleeping
 - soiling or wetting pants or bed after being potty trained
 - acting like a much younger child
 - excessive crying or sadness
 - withdrawing from activities and others
 - talking about or acting out sexual acts beyond normal sex play for age

REPORTING CHILD ABUSE/NEGLECT

In New Jersey, any person having reasonable cause to believe that a child has been subjected to neglect or acts of abuse should immediately report this information to the State Central Registry (SCR). **If the child is in immediate danger, call 911 as well as 1-877 NJ ABUSE.** A concerned caller does not need proof to report an allegation of child abuse and can make the report anonymously.

INFORMATION TO PROVIDE THE SCREENER

SCR screeners are trained caseworkers who know how to respond to reports of child abuse/neglect. Whenever possible, a caller should provide all of the following information:

- **Who:** The child and parent/caretaker's name, age and address, as well as the name of the alleged perpetrator and that person's relationship to the child.
- **What:** Type and frequency of alleged abuse/neglect, current or previous injuries to the child, and what caused you to become concerned.
- **When:** When the alleged abuse/neglect occurred and when you learned of it.
- **Where:** Where the incident occurred, where the child is now and whether the alleged perpetrator has access to the child.
- **How:** How urgent the need is for intervention and whether there is a likelihood of imminent danger for the child.

Calls can be placed to the hotline anonymously.

APPENDIX 1: USE OF ACCESSIBLE PARKING PLACARD OR PLATES

Accessible parking rights may be granted for both permanent and temporary mobility impairments.

Temporary Accessible Parking Placards:

- May be granted for short-term mobility impairments
- Require written medical certification from a qualified practitioner.
- Are valid for six months
- Are renewable one time at the discretion of the issuing authority
- Are issued by the Chief of Police of each municipality.

Permanent Accessible Parking Placards or Plates:

To qualify for a permanent accessible placard or plates, you must:

- Have lost the use of one or more limb
- Be permanently disabled and be unable to move without the use of an assistive device
- Have your mobility limited as certified by a physician
- Have a permanent sight impairment of both eyes as certified by the N.J. Commission of the Blind (placard only)

Note: Non-disabled drivers who are transporting persons who meet the criteria above may also use the Accessible parking privileges, but only when the person with the qualifying disability is in the car. Also, plates or placard must be accompanied by the companion “person with a disability ID” card at all times.

Revisions to the NJ Accessible Parking Laws, effective August 1, 2013:

- The term “handicapped” was replaced with “person with a disability” to reflect person first language.
- Permanent person with a disability identification cards and placards are now required to be renewed every three years.
- The certification of a medical professional is required for the issuance and/or renewal of all person with a disability ID cards/placards.
- All placards will be issued with a prominently printed and displayed expiration date.
- 1 in every 6 accessible parking spaces must be van accessible; this is an increase from the previous standard, which required 1 in every 8 spaces to be van accessible.

Important Notes:

- Parking in the access aisles, the striped areas adjacent to accessible parking spaces, is always illegal. That space is required for wheelchair accessibility, ramps, etc.

APPENDIX 2: SPECIAL NEEDS ADOPTION AND FOSTER CARE

NEW JERSEY SUBSIDIZED ADOPTION PROGRAM

Many children are waiting for loving homes. The NJ Subsidized Adoption Program offers financial assistance to suitable prospective adoptive parents who seek to adopt certain children, including children with disabilities.

CHILDREN WAITING FOR ADOPTION:

- Are older, or of a race or ethnic group for which adoptive homes are not readily available;
- May significant physical, intellectual or emotional disability;
- May need medical treatment or special services, equipment or training;
- May be part of a group of siblings who should be kept together;

- May be over five years old, living with a foster family for at least 12 months.

SUBSIDIES TO ADOPTIVE FAMILIES CAN PROVIDE:

- A regular monthly payment including clothing allowance to help parents meet daily needs.
- Payment covering the legal fees related to the adoption.
- Medicaid coverage for the child to assist with any condition that is not covered by the family’s insurance.
- A special subsidy for a specific medical, health or equipment need.
- Out of State Medical coverage (for most states).
- Post adoption counseling support services.

REQUIREMENTS OF ADOPTIVE FAMILIES

- Must be at least 18 years old and 10 years older than the child to be adopted
- You may be single, married, in a domestic partnership or civil union
- Must be a New Jersey resident, or reside in a state with a cooperative agreement
- Must be in reasonably good physical and emotion-

al health with the long-term ability to provide day-to-day care for the child

- Must be financially able to support the needs and care of the adopted child

APPENDIX 3: PEOPLE FIRST LANGUAGE

Every person is made up of many characteristics and few want to be identified only by their ability to play tennis or by their love for fried onions or by the mole that's on their face. Those are just parts of us.

In speaking or writing, remember that children or adults with disabilities are like everyone else except they happen to have a disability. Therefore, here are a few tips for improving your language related to disabilities:

- Emphasize abilities, not limitations.
- Do not label people as part of a disability group; don't say "the disabled", say "people with disabilities".

- Don't give excessive praise or attention to a person with a disability; don't patronize them.
- Choice and independence are important; let the person do or speak for him/herself as much as possible; if addressing an adult, say Bill instead of Billy.
- A disability is a functional limitation that interferes with a person's ability to walk, hear, talk, learn, etc.; use handicap to describe a situation or barrier imposed by society, the environment or oneself.

**It is the individual first,
then the disability.**

Say...

child with a disability
person with Cerebral Palsy
person who is deaf or hard of hearing
person with an intellectual disability
person with epilepsy or person with seizure disorder
person who had...
without speech, non-verbal
developmental delay
mental illness
uses a wheelchair
with Down syndrome
has a learning disability
non-disabled
has a physical disability
congenital disability
condition
seizures
cleft lip
mobility impaired
medically involved, or has chronic illness
paralyzed
of short stature

Instead of...

disabled or handicapped person
palsied, or C.P., or spastic
deaf and dumb
retarded
epileptic
afflicted, suffers from, victim
mute, or dumb
slow
crazy or insane
confined to a wheelchair
Mongoloid
is learning disabled
normal, healthy
crippled
birth defect
disease
fits
hare lip
lame
sickly
invalid or paralytic
dwarf or midget

APPENDIX 5: SERVICE DOGS

The Americans with Disabilities Act defines a service animal as any guide dog, signal dog, or other animal trained to provide assistance to an individual with a disability.

Under the Americans with Disabilities Act (ADA) and the New Jersey Law Against Discrimination (NJLAD), a place of public accommodation cannot refuse admittance of a service animal when it is accompanying a person with a disability. The ADA/NJLAD requires that places of public accommodation (which include privately-owned businesses that serve the public) allow people with disabilities to bring service animals into any area in which customers are generally allowed.

The ADA/NJLAD does not require that an animal be certified or have special identification, but it is not inappropriate for a business to ask if an animal which does not have an identifying vest or a special harness is a service animal rather than a pet. The business may not, however, insist on proof of certification before permitting admittance of a service animal accompanying a person with a disability.

It is a violation of the ADA/NJLAD for a business to charge a cleaning or maintenance fee when a person with a disability has brought a service animal into the place of business. However, the owner of the animal has sole responsibility for its behavior and may be charged for any damages the animal causes as long as the business has a policy of charging non-disabled customers for damages that they cause. Likewise, it is not a violation of the ADA/NJLAD to exclude a service animal from a place of public accommodation if the animal behaves in a loud, threatening, or uncontrolled manner, creating a substantial disturbance or posing a direct threat to the safety of others.

APPENDIX 6: Disaster Preparedness Checklist for People with Disabilities

The following list is intended to provide suggestions for disaster preparedness planning that may be taken by individuals with disabilities:

Self-Networks

- Discuss your disability and needs with relatives and friends.
- Develop a network of people who know your needs and location, who will be able to assist you or alert emergency personnel on your behalf. Do not depend on only one person.

Medical Equipment and Supplies

- Evaluate equipment for repairs and obtain and keep spare parts.
- Order the full allotment of supplies that your insurance allows, such as protective briefs, leg bags, suction tubing, hearing aid batteries, etc. Stockpile unused items.
- Assemble a first aid kit. It should include: sterile adhesive bandages in assorted sizes, assorted sizes of safety pins, cleansing agents/soaps, latex gloves (2 pairs), 4-6 sterile gauze pads (2-inch and 4-inch), three triangular bandages, non-prescription drugs, three rolls each of 2 and 3 inch sterile roller bandages, scissors, tweezers, needle, moistened towelettes, antiseptic, thermometer, two tongue depressors, and a tube of petroleum jelly or other lubricant.

Medications and Medical Needs

- Create a list of current prescriptions, names and dosages. Remember to update this list, as needed.
- Keep a list of the names, addresses, and telephone numbers of doctors and pharmacists.
- Prepare a detailed description of your medical regimen and personal care needs.
- Order a full 30-day supply of necessary medications. Check with your insurance carrier.

Telecommunications

- Make sure your cell phone battery and any extra batteries are kept fully charged.
- Pre-arrange alternative methods to reach family, friends, or personal care attendants if ordinary communications are disrupted.

Personal Assistant Care

- Consider checking into a nursing home or hospital if a disaster is anticipated. Staff will be available to meet personal care needs. Also, back up generators will be operating to assist people who use power wheelchairs and/or ventilators.
- Contact your personal care attendant provider to discuss disaster preparedness and maintain a list of phone numbers of those who can assist in obtaining personal care for you.

Food and Water

- Two quarts of water per person are needed for drinking daily.
- Two quarts of water per person are needed for food preparation and sanitation daily.
- Keep a supply of canned, dehydrated, and no-cook foods.
- Keep cases of nutrients available for tube feeding.
- Keep foods for special dietary needs, such as diabetic and high caloric diets.

Service Animals

- The animal always should wear an identification tag with all necessary contact information.
- Keep shots and medical records current and service animal ID numbers available.
- Your animal will need plenty of food and water, kept in sturdy storage containers.
- Consider large capacity self-feeders and water dispensers.
- Keep contact information on your service animal's veterinarian available.
- Check with your local emergency management officials for companion animal procedures in emergency shelters.

APPENDIX 6: Disaster Preparedness (continued)

Power

- ___ Extended power outages may affect ventilators, heating and/or cooling units, which may be a matter of life or death for some people with disabilities.
- ___ Investigate emergency contingency plans in your building/community/municipality.
- ___ Explore care facilities, especially if you use a ventilator or have other complex medical needs.
- ___ Consider staying with friends or family out of your area if you anticipate possible power outages, especially if you have medical equipment that is dependent upon power.
- ___ Contact your local fire department and Red Cross for information and registries of people with disabilities.

Oxygen

- ___ Buildings where oxygen is kept must display an “Oxygen in Use” emblem.
- ___ Oxygen must be kept in containers specifically manufactured for that purpose.
- ___ Alert emergency response staff to the use of oxygen.
- ___ Oxygen is flammable, so avoid sparks and flame. Demand that people not smoke near an oxygen container.

Miscellaneous

- ___ Keep battery-operated flashlights and/or lanterns with lots of extra batteries.
- ___ Blankets and warm clothes should be packed in an emergency.
- ___ Keep the gas tank in your car full.
- ___ Have a battery-powered radio and extra batteries on hand.
- ___ Keep ample cash on-hand. ATMs and banks may not function during power outages.
- ___ Have a non-electric can opener.
- ___ Keep a supply of assorted plastic bags.

Residential Disability and Oxygen Emblems Program

The Division of Fire Safety distributes, free of charge, emblems which can be displayed to inform all emergency response personnel of an oxygen hazard or disabled occupant needing assistance. “Oxygen In Use” emblems are mandated by NJ state law.

For additional information, contact the **Division of Fire Safety: (609) 633-6106**

It is unlawful to evict an oxygen-user from a rental property, solely on the basis of oxygen use, as long as the oxygen is stored and used appropriately. Questions can be directed to the Division of Fire Safety (609) 633-6106.

APPENDIX 7: TRAVELING WITH A DISABILITY

Air Carrier Access Rules (See page 34) lift many restrictions that formerly discriminated against passengers with disabilities, and all carriers are now required to have a Complaints Resolution Officer (CRO) immediately available to resolve disputes between carriers and passengers with disabilities. While airlines may not require passengers with disabilities to provide advance notice of their disability or intent to travel (except in some very specific circumstances), doing so may in some cases help to avoid inconvenience. The following is a list of suggestions for air travelers with disabilities:

PHYSICAL DISABILITY

- Ask the screener for assistance with your mobility aid and carry items.
- Let the screener know your level of ability and your need for physical assistance.
- Inform the screener about any special equipment or devices that you are using and where this equipment is located on your body.
- Ensure that all bags hanging from, or carried on, your wheelchair are put on the X-ray belt.
- Ask the screener to reunite you with your carry items and assistive devices after screening.
- Request assistance with removing your shoes when additional screening is necessary.

HEARING DISABILITY

- Ask the screener to write the information down or to look directly at you and repeat the information.

VISUAL DISABILITY

- Ask the screener to explain the security process to you step by step and to let you know where the metal detector is located.
- Ask the screener to let you know when you will be going through the metal detector and when there are obstacles that you will need to avoid.
- Ask the screener to find someone to escort you through the security process.
- Ask the screener to perform a hand inspection of equipment to prevent damage and to direct you toward your gate once the screening has been completed.

HIDDEN DISABILITY

- Advise screeners that you have a disability and may need some assistance, or need to move slower.
- Offer suggestions to screeners on the best way to approach you during a pat-down inspection.
- Notify the screener if you need to sit down before and/or during the screening process.

TRAVELING WITH MEDICAL SUPPLIES/DEVICES

- Notify the screener that you are carrying medical supplies with you.
- Medications must be properly marked with a professionally printed label identifying the medication or manufacturer's name or pharmaceutical label.
- Notify screeners if you are using any surgically implanted medical device (i.e., insulin pumps, prosthetics, or artificial joints).
- Advise screeners if you are experiencing low blood sugar and are in need of medical assistance.
- Pacemaker users may wish to carry a Pacemaker Identification Card (ID).
- Crutches, canes and walkers will need to go through the X-ray machine. The screener will perform a hand inspection of your equipment if it cannot fit through the X-ray machine. You can ask for a private screening for the inspection of your prosthetic device or body brace.
- Notify screeners if you need assistance, such as a chair or someone to assist you during the inspection of your prosthetic devices or body braces.
- Tools and appliances used to put on or take off prosthetic devices must be screened.

TRAVELING WITH SERVICE ANIMALS

- Carry appropriate identification. Identification may include: cards or documentation, presence of a harness or markings on the tags. Service animals and their harnesses or vests are subject to inspection.
- Advise the screener how you and your animal can go through the metal detector as a team with the leash and/or harness. If necessary, remind the screener that you should not be separated from your animal.

APPENDIX 8: FAMOUS ADA CASES

BRAGDON V. ABBOTT (1998)

The Supreme Court found that, even when HIV has not progressed to AIDS, it still constitutes a disability, as the virus significantly impairs the life activity of reproduction.

PENNSYLVANIA DEPARTMENT OF CORRECTIONS V. YESKEY (1998)

The Court ruled that state prisons must comply with Title II of the ADA, as they are public entities.

WRIGHT V. UNIVERSAL MARITIME SERVICE CORP (1998)

The Supreme Court ruled that a general arbitration clause in a collective bargaining agreement does not require an employee to use the arbitration procedure for an alleged ADA violation.

ALBERTSONS, INC. V. KIRKINGBURG (1999)

The Supreme Court held that circumstances mitigating the determination of disability include not only devices and medications, but also an individual's ability to compensate for their impairment.

CLEVELAND V. POLICY MANAGEMENT SYSTEMS (1999)

The Supreme Court ruled that pursuing and/or receiving Social Security Disability Insurance benefits does not automatically prevent an individual from pursuing an ADA claim, nor do such SSDI benefits presume against the recipient's ADA success.

MURPHY V. UNITED PARCEL SERVICE (1999)

The Court found that a UPS worker's high blood pressure did not significantly limit his life activities when the worker was medicated, and that he was, therefore, not disabled.

OLMSTEAD V. L.C. (1999)

The Supreme Court ruled that to stop or to avoid discriminatory activity, the state may place people with disabilities in community settings rather than in institutions, when the state's treatment professionals find the placement appropriate, the affected person is not against the shift from an institutional to a community setting, and the placement can be reasonably accommodated.

SUTTON V. UNITED AIRLINES (1999)

The Supreme Court found that determination of disability must include measures that might mitigate a disability, such as, in this case, eyeglasses for those with visual impairments.

EEOC V. WAFFLE HOUSE, INC. (2002)

The Court ruled that a private arbitration agreement between an individual and that individual's employer does not prevent the EEOC from filing a court action in its own name and recovering monetary damages for the individual.

LANE V. TENNESSEE (2004)

The Court ruled that courthouses must adhere to Title II of the Americans with Disabilities Act - which guarantees access to public facilities and services - and that individuals may sue states for failing to provide access to courts.

SPECTOR V. NORWEGIAN CRUISE LINE (2004)

The Supreme Court ruled that foreign run and owned cruise ships serving US ports must comply with the public accommodations requirements of the American with Disabilities Act.

APPENDIX 10: TTY/TDD CONVERSATION ETIQUETTE

A TTY (teletypewriter) or TDD (Telecommunication Device for the Deaf) is a device which allows individuals who are deaf or hard of hearing to communicate through the telephone system by typing messages to other individuals with TTYs, or to a relay system which provides operators who can read the typed message to an individual who is listening through a voice telephone. When calling a TTY user, it is appropriate to allow at least 10 rings to give the deaf or hard of hearing person enough time to see the flashing light.

Below are common abbreviations which are used to speed up communication:

GA: When you talk with another person by TTY, you type while the other person reads. When you want the other person to respond, type GA for “Go ahead.”

GA OR SK: To say goodbye, type GA OR SK. This gives the other person a chance to say any last words before ending the conversation.

SKSK: Type SKSK to end the conversation.

Q: Some people prefer to type Q instead of a question mark because it saves time and is easier to type.

You can use punctuation marks, such as commas and periods, although many people choose to omit them. You may also abbreviate words, such as:

GA	go ahead	HD	hold	PLS	please	THX	thanks
SK	stop keying	MTG	meeting	Q	question	TMW	tomorrow
CD	could	NBR	number		mark	U	you
CUL	see you later	OIC	oh, I see	R	are	UR	your
CUZ	because	OPR	operator	SHD	should		

To reach NJ Relay, dial 711

GLOSSARY

A

Accessible: Usable to an individual with a disability

Accommodation: An adjustment, alteration, or addition to an environment, a situation, or a piece of equipment, which enables a person with a disability to utilize it in a manner equivalent to that of a person without a disability

Acquired Immune Deficiency Syndrome (AIDS): A defect of the immune system caused by the blood-borne HIV virus, causing vulnerability to various infections, malignancies, and neurological diseases

Addiction: Genetically and/or psychosocially impaired ability to control the use of a substance, preoccupation with the substance, distorted perceptions about the substance, and continued use of the substance despite adverse consequences

Alzheimer’s Disease: Brain disease of unknown cause in which nerve cells in the brain die, causing progressive, irreversible deterioration of memory and other intellectual functions, language skills, and ability to perform routine tasks

Amyotrophic Lateral Sclerosis (ALS): A progressive, degenerative disease of the motor neurons of the central nervous system, causing muscular weakness, atrophy, and spasticity. Ten percent of cases are genetic, the other ninety percent are of unknown origin

Anorexia Nervosa: Eating disorder primarily characterized by an excessive, voluntary loss of weight and refusal to maintain minimal normal body weight

Area of Refuge: Designated safe place for a person with a disability to await assistance during an emergency evacuation of a building or vessel

Arthritis: Disease of the joints and connective tissues, which can have numerous causes, creating pain, swelling, and limited range of movement

Asperger’s Syndrome: A pervasive developmental disorder in which the individual often has above-average intellectual ability, but may experience ongoing difficulties with social interaction, empathy, logic, and understanding non-verbal cues.

GLOSSARY

Assistive Technology: Equipment or services which increase, maintain, or improve the functional capability of an individual with a disability

Asthma: Chronic respiratory disorder characterized by episodes of coughing, wheezing, and difficulty in breathing because of inflamed and obstructed bronchial tubes. Among the triggers are allergies, chemical irritation, and/or emotional stress

Attention Deficit Disorder (ADD): Neurological disorder characterized by distractibility, forgetfulness, inability to concentrate, poor attention span, and impulsiveness

Attention Deficit/Hyperactivity Disorder (ADHD): Neurological disorder which has the same characteristics as Attention Deficit Disorder, but which also includes hyperactivity

Autism: Neurological disorder of unknown origin which generally manifests before the age of 3. Social and communication skills are impaired, and symptoms such as self-injury, aggression, voluntary repetitive body movements, intense attachment to objects, and sensory processing difficulties may be present

Autoimmune Disorder: A variety of disorders which are the result of the body producing an inappropriate immune response against its own tissues. The causes are generally unknown, but symptoms can include episodic or chronic inflammation and pain, as well as tissue and/or organ damage

B

Bi-Polar Disorder: A mental disorder which is characterized by alternations between manic and depressive moods with consequent changes in thinking and behavior. Commonly called Manic-Depression

Blind: Legal blindness is regarded as visual acuity of 20/200 or less in the better eye with correction, or a field of vision no greater than 20 degrees at its widest point

Bulimia: Eating disorder characterized by episodes of binge eating, followed by compulsive purging, usually through vomiting, consumption of laxatives, and/or excessive exercise

C

Celiac Sprue: A genetic disorder which is characterized by an extreme sensitivity to gluten – the protein in some grains – which can produce damage to the small intestine. This damage can impair absorption of nutrients, resulting in malnutrition. The disease can be managed by a gluten-free diet

Cerebral Palsy: Injury to the motor areas of the

brain, at or prior to birth, resulting in a non-progressive impaired ability to control movement and posture

Chronic Fatigue Syndrome: Illness of uncertain cause characterized by fatigue, weakness, malaise, muscle pain, and lymph node swelling

Congenital: A condition which is present at birth, but which has a non-hereditary cause

Cognitive Disability: Impaired ability to think, concentrate, reason, and remember

Crohn's Disease: Condition of unknown origins, characterized by chronic painful inflammation of the intestinal tract

Cystic Fibrosis: A hereditary disease which affects the respiratory system, pancreas, and sweat glands. It is characterized primarily by the excessive production of thick mucus, which results in chronic respiratory infections and impaired breathing

D

Deaf: Hearing impairment severe enough to prevent, with or without amplification, the processing of linguistic information. Specifically, a hearing deficiency above 25 db ISO in the 500-2000 frequency Hz range unaided in the better ear

Developmental Disability: Permanent cognitive and/or physical impairment, which occurs before the age of 22, and which substantially limits the individual in three or more major life activities

Diabetes: Condition characterized by abnormal blood sugar levels resulting from impaired functioning of the pancreas

Disability: A physical or mental impairment that substantially limits a major life activity, such as walking, talking, seeing, hearing, caring for oneself, breathing, learning, or working

Down Syndrome: Congenital disorder caused by an extra 21st chromosome, which causes intellectual developmental disabilities and distinctive physical characteristics

Dwarfism: Short stature, resulting from a genetic or medical condition. It is generally defined as an adult height of 4 feet ten inches or less. A common term for an individual with dwarfism is "little person"

E

Eating Disorder: Psychological disorder characterized by a distorted body image and a dysfunctional relationship with food, often resulting from feelings of low self-worth and powerlessness. The individual may overeat, undereat, and/or purge in an effort to self-soothe and to control body shape

GLOSSARY

Emphysema: Disease of the lungs, characterized primarily by labored and inefficient breathing, in which the air sacs (alveoli) become distended and therefore limited in their functioning

Epilepsy: Chronic condition produced by temporary changes in the electrical functioning of the brain, characterized by recurrent brief episodes of convulsive movements, alterations in consciousness, and/or sensory phenomena

F

Fetal Alcohol Spectrum Disorder: A preventable set of physical, craniofacial, mental, and neurobehavioral impairments associated with alcohol consumption by the mother during pregnancy

Fibromyalgia: Disease of unknown origin characterized by the persistent presence of non-physically damaging pain that moves throughout the muscles, joints, ligaments, and tendons of the body

G

Genetic Disorder: A pathological condition resulting from a defective inherited gene

H

Hemiplegia: Paralysis of one side of the body

Human Immunodeficiency Virus (HIV): Virus which can damage the immune system and lead to AIDS

Huntington's Disease: Genetic disease which causes a pre-programmed degeneration of brain cells. Initial symptoms, usually appearing in young to mid-adulthood, include mood swings, forgetfulness, and lack of coordination. They are followed by involuntary movements, deterioration of swallowing and speaking ability, and loss of cognitive ability

I

Intellectual Disability: A developmental disability which is characterized by below-normal intellectual/cognitive functioning, causing impairment in learning, social adjustment, maturation, and acquisition of life skills.

L

Learning Disability: A group of disorders which includes such conditions as dyslexia, developmental aphasia, perceptual disabilities, brain injury, and minimal brain dysfunction, which may disrupt the process of listening, speaking, reading, writing, spelling, or doing mathematical calculations

Lupus: Chronic, progressive disease of unknown cause, which is primarily characterized by scaling and ulceration of the skin. In about 10% of affected individuals, symptoms may also include inflammation of the joints and mucous membranes and disruption of kidney and nervous system function

M

Medigap: Insurance which supplements Medicare benefits by paying some of the costs and covering some of the services not covered by Medicare

Multiple Chemical Sensitivity: Condition marked by a variety of symptoms, such as respiratory distress, migraines, nausea, fatigue, irritation of the mucous membranes and/or skin, cognitive difficulties, and/or disordered sleep. The onset generally occurs in response to a major or chronic chemical exposure, then broadens to include sensitivity to common chemicals and irritants found throughout the individual's environment

Multiple Sclerosis: Disease of the central nervous system which generally has its onset in young to mid-adulthood. Degradation of the sheaths of nerves causes relapses and remissions of weakness, pain, and/or numbness in the limbs, disrupted vision, and urinary tract dysfunction. Its cause is unknown

Muscular Dystrophy: Group of genetic diseases characterized by progressive weakness and degeneration of the skeletal or voluntary muscles which control movement

O

Obsessive-Compulsive Disorder: Psychological condition, which may have a neurological basis, characterized by repetitive ideas or impulses which may be unwanted, irrational, and performed against the person's wishes

P

Paraplegia: Paralysis of the legs and the lower trunk

Parkinson's Disease: Chronic disease of the central nervous system characterized by tremors, muscular weakness and rigidity, and an unsteady gait. Symptoms are caused by a deficiency of the brain chemical dopamine, but the cause of the deterioration of the dopamine-producing nerve cells is unknown

Pervasive Developmental Disorder (PDD): Umbrella term for five neurological disorders - Autism, Asperger's Syndrome, Childhood Disintegrative Disorder, Rett's Syndrome, and PDD-Not Otherwise Specified, all of which impair social and communication skills

GLOSSARY

Post-Polio Syndrome: Array of possible symptoms which occur in about 25% of individuals who have been infected with polio. These symptoms generally manifest 20 to 40 years after the onset of the infection and after a recovery period of at least 10 years, and may include muscle pain, weakness, tics, respiratory difficulties, disordered sleep, gastrointestinal and/or swallowing problems, neuropathy, arthritis, scoliosis, and osteoporosis

Post-Traumatic Stress Disorder: Psychological condition which develops in response to an overwhelmingly traumatic event which is generally outside the range of usual human experience. Symptoms can include flashbacks, fear of dying, rage, and panic attacks

Q

Quadriplegia: Paralysis of all four limbs and the trunk. Also called tetraplegia

R

Reasonable Accommodation: Modification or adjustment to a job application process or work environment which allows a person with a disability to enjoy the same benefits and opportunities enjoyed by similarly situated people without disabilities

Reflex Sympathetic Dystrophy (RSD): Chronic nerve disorder that generally has its onset in the body at the site of an injury, and which often spreads to other areas of the body. Characterized by burning pain, extreme sensitivity to touch, tissue swelling, and pathological changes in bone and skin

S

Schizophrenia: Brain disease of unknown cause which typically has its onset in adolescence or young adulthood. Characterized by thought disorders, delusions, and hallucinations. An affected individual may experience excessive or lack of emotional expression, as well as paranoia and disrupted interpersonal relationships. Symptoms can in some cases be managed by medication and supportive counseling

Scleroderma: Disease of unknown cause in which the dermis layer of the skin is replaced by collagen, causing toughness and discomfort. This process can also involve the heart, lungs, kidneys, and intestinal tract, interfering with the functioning of these organs

Self-Determination: The entitlement of individuals with disabilities to control their own lives, pursue self-defined goals, and participate fully in society

Service Animal: Animal trained to provide assistance to an individual with a disability

Sickle Cell Anemia: A genetic disorder of the blood, characterized by red blood cells that assume an abnormal rigid sickle cell shape. This decreases the cells' functionality, resulting in a variety of complications, such as anemia, pain, and frequent infections

Speech to Speech (STS): Telephone relay service mandated by the Federal Communications Commission, which provides translation for individuals with speech disabilities. A communication assistant, specially trained to understand the speech of people with a wide variety of speech disabilities, listens to the speaker who has the speech disability and restates verbatim to a third party what that person has said

Spina Bifida: Congenital condition caused by the failure of the spine to close properly during the first month of pregnancy. This may result in mobility impairment, bladder/bowel problems, and/or hydrocephalus

Spinal Cord Injury: Damage to the spinal cord, which results in temporary or permanent loss of sensation, motor control, and/or bladder and bowel control

Stroke: Sudden neurological impairment caused by a hemorrhage or blood clot in the brain. Temporary or permanent loss of vision, speech, mobility, and/or consciousness may result

T

Tourette Syndrome: A disorder of the nervous system which may cause "tics," which are repetitive involuntary movements and vocalizations. Tics can vary in severity, frequency, and type, and can be intensified by physiological and emotional stressors. Some individuals with this condition may also have other symptoms, such as obsessive compulsive disorder, anxiety disorder, and attention deficit disorder

Traumatic Brain Injury: Injury to the brain which may impair cognitive or physical functioning, disturb behavior or moods, and/or produce an altered state of consciousness

Triplegia: Paralysis of three limbs

V

Visually Impaired: Vision which is no better than 20/70 with correction, but not worse than 20/200 with correction. To have less visual acuity than 20/200 with correction constitutes legal blindness
