## Sensory Gardens

The Journeys and Discovery day program teamed up with Monmouth University OT grad students again this month to create a sensory garden at Field of Dreams. They worked together to design the garden, shop for supplies, and plant the beautiful flowers and greenery. We look forward to watching the garden bloom all spring and summer long!

## Out and About

Friends from the Lakewood Adult Training Center took a fun spring day trip to the Cape May Zoo. They saw giraffes, lions, camels, zebras, and the famous capybara family! Even more they enjoyed walking the different paths and having their lunch outside in the sunshine. Now that the weather in New Jersey is warming up, we will have lots of new places to visit!
