LACEY, NJ

Residential Opening for (1) Supervised Apartment in Lacey

Opening for a male candidate who has the ability to respond independently to emergency situations.

This apartment is conveniently located close to the Garden State Parkway and Route 9 in Lacey Township. The two (2) bedroom apartment features both handicap accessible kitchen and bathroom and an open concept floor plan. Residents of the complex can utilize the on-site fitness room and community room.

The ideal candidate for this vacancy would be a male between the ages of 30-70. He would be living with one other male, which common areas, including the bathroom would be shared. This person must be able to self-preserve, as staff are not in the apartment at all times. This individual needs to have at least 4 hours of unsupervised time.

DSPs are available for support on site, 24 hours a day, to assure we meet the needs of the individuals.
