

## Bridging the Gap with Virtual Services

Vocational Virtual Services are available to individuals who have an approved service plan on file with one or more of our day programs. Additionally, Vocational Virtual Services are available to individuals enrolled in our Arc Employment Center. Individuals who do not currently have an approved plan on file with our agency may request to do so through their assigned Support Coordinator. Virtual Services aims to bridge the service gap created by COVID-19 by bringing remote activities to the individuals we support.
